Recreation

MISSION STATEMENT

The mission of the Department of Recreation is to provide high quality, diverse, and accessible programs, services, and facilities that enhance the quality of life for all ages, cultures, and abilities.

BUDGET OVERVIEW

The total recommended FY08 Operating Budget for the Department of Recreation is \$31,192,970, an increase of \$2,749,080 or 9.7 percent from the FY07 Approved Budget of \$28,443,890. Personnel Costs comprise 64.9 percent of the budget for 151 full-time positions and 16 part-time positions for 452.2 workyears. Operating Expenses account for the remaining 35.1 percent of the FY08 budget.

The Debt Service for the Recreation Fund is appropriated in the Debt Service Fund and is, therefore, not displayed in this section. To pay for the Debt Service, a transfer of funds from the Recreation Fund to the Debt Service Fund of \$7,916,480 is required to cover general obligation bond and long-term lease costs.

Additionally, it should be noted that the Department manages an estimated \$8,500,000 Agency Fund. This Fund is designated for handling contracted programs and services and is entirely revenue supported. The net proceeds of these activities are accounted for in the Recreation Fund.

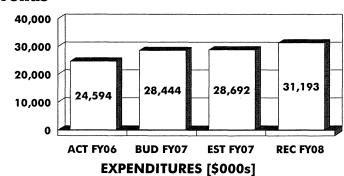

In addition, this department's Capital Improvements Program (CIP) requires Current Revenue funding.

Recreation Regions and Community Centers

The Department's 17 community recreation centers, located throughout the County, host programs for the Department, other agencies, and community organizations. Community recreation centers provide leisure activities, social interaction, family participation, and neighborhood civic involvement, and promote community cohesion and identity.

Programs for all ages are available in community recreation centers. These facilities are designed to support sports, fitness, dance, social activities, and arts programs. Activities include instructional programs, organized competitions, performances and exhibitions, recreational clubs and hobby groups, and accessibility initiatives for special populations. In addition, they

offer important community meeting space. Center spaces are available for party rentals, receptions, and civic group meetings. User fees are charged for room rentals, special programs, and services offered at each facility.

The Recreation Regions program provides community liaison, volunteer services support, and customer needs assessments in the five community recreation service regions of the County. Regional staff advocate for and coordinate all recreation services and coordinate long-range facility planning in their region, assist with the delivery of services, perform customer assessments of programs, provide staff support to Regional Advisory Boards, and serve as liaisons with schools and community groups in the region. Program staff also manage local community-based activities, such as community days, festivals, and other special events.

An additional and unique recreation center, the Charles W. Gilchrist Center for Cultural Diversity, is a cultural and community focal point. The Center strengthens community viability by promoting an environment in which differences are celebrated and viewed as an asset. The Center includes an Educational and Technology Lab and involves the collaboration of the Department of Recreation, Community Use of Public Facilities, the Department of Health and Human Services, the Department of Housing and Community Affairs, and other departments. In addition, the Center is a "one stop shop" for services, community contacts, cultural events, small business opportunities, and meeting and working space for established ethnic, nonprofit organizations. This Center also includes information and referral services to Montgomery County newcomers. A "satellite" Diversity Center serves the Upcounty area in the Upcounty Regional Services Center.

The Summer Fun Center program is a six-week program offered in the summer for youth ages 5 to 12 years. This is a neighborhood drop-in program where children may come for the entire program or they may choose the days they would like to participate. This supervised program generally includes arts and crafts, sports, nature activities, and games.

These centers are focal points for the delivery of recreation, community, and health-related services to senior adults.

Senior neighborhood programs serve groups of 20-70 individuals who meet in recreation centers near their homes one to three days each week. These programs offer special interest classes, trips, social activities, and food services at selected sites.

The Therapeutic Recreation program provides accessible leisure, educational and personal skill development activities for individuals with disabilities through mainstreaming and adaptive programs.
